List the basic Shutter speeds in order:

If you change from 1/250 of a second to 1/125 of a second, are you increasing or decreasing the shutter speed?

What does adjusting the Shutter Speed allow you to control while capturing a photograph?

BLURRING MOTION
Describe what happens when you use a slow shutter speed:

Describe the example in the Presentation.

FREEZING MOTION
Describe what happens when you use a fast shutter speed.

Describe the example in the Presentation.

PANNING MOTION
Describe what happens when you use panning technique with shutter speed:

Describe the example in the Presentation.

EXAMPLES
Describe two of the examples and explain how shutter speed was used to enhance the photograph and create more impact.

What are some of the techniques you can do with shutter speed?
